

A-M GUTTER GUARD™
The Difference is in the DESIGN

- Designed specifically for hidden hangers but works with all hangers
- Heavy gauge .018 100% aluminum will never rust (Lifetime Warranty)
- Invisible from the ground
- Handles downpours
- Pest and weather (snow/ice) resistant
- Easy to install on new or existing gutters
- Does not install under shingles (voiding shingle warranty)
- Eliminates gutter clogging

RATED #1
by The Goodhouse Keeping

A-M Gutter Guards (Division of A-M Seamless Gutters, LLC) is owned by two Amish brothers, Ray and Aden Miller in northeast Ohio. They have been in the gutter business since 2008. After installing gutters and gutter guards in all types of weather, they were motivated to develop a gutter guard that would be an improvement over existing products. It was clear that affordable gutter guards were poorly designed and flimsy, while well-made gutter guards were over priced. In 2015, Ray and Aden designed a superior gutter guard, patented the design, took the concept to a local machinist and production began. In 2019, A-M Gutter Guards were rated #1 gutter guard by Kzumer Consumer Report and in 2023 rated #1 by The Goodhouse Keeping! A-M Gutter Guards have also been given a 4-5 Star rating by 93% of customers, making A-M Gutter Guards the #1 gutter guard choice for DIYers as well as large gutter installation companies. A-M Gutter Guards have proven to be the best on the market performance, durability, easy to install and affordable!

5 STAR VERIFIED PURCHASE REVIEWS

5.0 Easy Installation and Works Well!!!

By **Bill** on May 28, 2024

I installed 60' of these gutter guards with no problems at all! I wondered how well they'd work and I got to see that the very next day with a big storm that came through. I went out and saw all the water was draining as it should and pouring out of the downspout. For the money, I don't think they can be beat!

5.0 Good product, serves the purpose well.

By **Kenneth** on May 27, 2024

Cost efficient...especially considering the time I have spent cleaning gutters on this house! Lightweight, easy to install, not visible from ground level. Have had unusual heavy rain events, winds, and even a "derecho" here with quite a bit of tree debris and leaf litter. Gutters have flowed freely...am sure that would not have been the case in past years. Definite 5+ Star rating.

5.0 Easy

By **John P.** on May 24, 2024

Easy for any experienced Doer your self. I ordered a total of 160 feet and installed within an hr 1/2.

5.0 Awesome

By **Kenny B.** on May 15, 2024

These are the best gutter guards you're going to find to self-install for the money. They fit perfectly to the correct width gutters. They are very easy to install and are made of aluminum so they will last. They are sturdy enough to provide plenty of support yet are not too thick to cut to fit. Great alternative to paying piles of money to some company to do something similar. Tried these on my back roof section last year and they worked so well I bought enough to do the rest of my house. I highly recommend.

5.0 Excellent product, works as advertised.

By **Ottawa 7** on April 6, 2024

Easy to install, goes up fast. I tested it in rain and snow and passed my testing.

How Do A-M Gutter Guards Work?

Our unique bubbled filtration system allows rainwater to pass through our patent design while leaving debris to dry and blow away. Our maintenance-free design not only keeps debris from sticking; it promotes airflow from top and bottom, allowing debris to dry and blow away in winds as low as 5 mph.

Frequently Asked Questions...

What makes A-M GUTTER GUARDS superior?

Our patented design! This design creates and promotes more air-flow from top and bottom to remove debris. The design also allows this product to be installed on all types of hangers including hidden hangers but also the older style spike and farrow. These features make this product the best choice for any homeowner or installer. (photo left)

Will I have to replace my existing gutters?

No! Unless damaged, there is no need to replace your existing gutters. A-M Gutter Guards install on any 5 or 6 inch gutter and all hanger designs.

Will A-M Gutter Guards work on all roof types?

Yes, A-M Gutter Guards are installed on top of your gutters and do not come in contact with the roof. They perform well with all roof material and any roof pitch.

Will I ever need to remove A-M Gutter Guards?

No, you will never need to remove A-M Gutter Guards as the inside of your gutter will always stay clean!

Will A-M Gutter Guards work during heavy rainfalls?

Yes, A-M Gutter Guards perform well during record amounts of rainfall. One foot of A-M Gutter Guard has 384 holes.

How long will A-M Gutter Guards last?

A-M Gutter Guards are manufactured with hi temper aluminum and will never rust, rot or distort. Lifetime Guaranteed!

Will A-M Gutter Guards work when covered with wet leaves, pine needles or other debris?

Yes, tests show A-M Gutter Guards' unique filtering bubble design allows water to flow freely even when covered with debris.
